Son of a Saint’s mission is to transform the lives of fatherless boys through mentorship, emotional support, development of life skills, exposure to constructive experiences and formation of positive, lasting peer-to-peer relationships.

We believe that our mentees are special individuals who are important to our community, our country and the world. It is our job to ensure these young men have every opportunity and all support needed to move past external barriers and grow into outstanding, self-sufficient, and healthy adults. As such, we commit ourselves to actively cultivate an environment of positivity, acceptance, and safety — one that teaches program participants to understand and appreciate differences and commonalities. Every person who interacts with our program carries this responsibility.

Son of a Saint’s program is centered on building trust and creating a welcoming, inclusive, and safe space for the fatherless young men that we serve. It is only through inclusive and equitable treatment that we are able to give our mentees opportunities, a sense of brotherhood, and a supportive community. Son of a Saint recognizes that human differences foster opportunities to learn from the experiences of others. Accordingly, enrolled Son of a Saint mentees of all backgrounds, circumstances, and identities are accepted. Son of a Saint considers, includes, and embraces all people who interact with our program.
